Summary

Full Stack Developer with over 4 years of experience in crafting robust and scalable applications. Proficient in both back-end and front-end technologies with a strong emphasis on clean and efficient code. Committed to optimizing user experiences, collaborating effectively with cross-functional teams, and driving technological advancements.

Core Competencies

- Back-end Technologies: Java, Spring Boot, Node.js, Fast API, Hibernate, Python
 - Front-end Development: React JS, HTML, CSS, JavaScript, Angular, Material UI, HighCharts, React Native
 - Databases: SQL-Postgres,, MySQL
 - Testing Frameworks: Jest, Chai
 - APIs : RESTful APIs, SSE, Websockets, GraphQL
 - Version Control: GIT, Github, Bitbucket
 - Project Management: Jira, Trello
 - Cloud: AWS (certification in progress), Azure, CI/CD, Docker
 - Web Design and Compatibility: Cross-browser compatibility, Cascading Style Sheets (CSS)
-

Professional Experience

Deloitte Consulting LLP, Gurugram, Haryana

Full Stack Developer, 07/2021 - Present

- Developed robust web-based applications using Java, Spring Boot, and React.
- Managed Oracle and MySQL databases, ensuring seamless integration and optimal data

operations.

- Worked extensively with RESTful APIs and implemented microservices architecture to boost scalability.
- Collaborated closely with cross-functional teams to fine-tune software solutions and address compatibility issues across various browsers.
- Utilized GIT for version control, ensuring collaborative and streamlined development workflows.

Elliptia Systems, Cochin, Kerala

Full Stack Developer, 02/2020 - 07/2021

- Spearheaded development using Java, Spring Boot, and React, receiving consistent positive feedback.
 - Collaborated with frontend teams to ensure the seamless integration of databases and RESTful APIs.
-

Projects

VOX-GPT

Date: Apr 2023 - Present

- Designed a chat system using Azure GenAI, offering users a seamless Q&A experience.
- Engineered a user management module enhancing security with Single Sign-On (SSO) capabilities.
- Integrated frontend with React.js, utilizing TypeScript for strict type checking and better code quality.
- Work on Backend and developed multiple APIs, Authorization using casbin

Technologies Used: *React.js, TypeScript, Spring Boot, Azure GenAI, Git, GitHub, Agile Methodologies*

Customer Data Management (CDM)

Date: Jan 2022 - Mar 2023

- Headed the development of a platform that ensures data quality, offering dynamic UI ingestion through React.
- Incorporated user roles and permissions, combined with SSO to tailor user experiences.
- Utilized Fast API for efficient backend operations.

Technologies Used: *React.js, JavaScript, Fast API, Agile Methodologies*

Elliptia

Date: Feb 2020 - Jun 2021

- Contributed to a freight forwarding platform, enhancing operations and enabling real-time updates.
- Managed backend using Node.js, ensuring rapid data processing and secure storage.

Technologies Used: React.js, Sprint Boot

Sorting Visualizer

Date: Mar 2021

- Developed a visual tool representing sorting algorithms for educational purposes.

Technologies Used: jQuery, HTML, CSS

Alumni Management, Feroze Gandhi Institute of Professional Studies

Date: Feb 2020 - Apr 2020

- Designed an alumni portal that includes email notifications and report generation features.

Technologies Used: React.js, Spring Boot, MySQL

Awards & Recognition

- Applause Award(2x), Deloitte, 2022: Recognized for a significant contribution to a client project.
-

Certifications

- AWS Essential Training, LinkedIn Learning, 2020
 - Express Essential Training, LinkedIn Learning, 2021
-

Education

- Master of Computer Applications, Feroze Gandhi Institute of Engineering and Technology, Raebareli, Uttar Pradesh, 12/2020 - 12/2022
- Bachelor of Computer Applications, Feroze Gandhi Institute of Professional Studies, Raebareli, Uttar Pradesh, 07/2017 - 08/2020
